

Purchase Area 4th Day Community E-Mail Broadcast Policy

Adopted By The Board: 10/04/2001
Last Revision: 01/01/2002

The Purchase Area 4th Day Community is blessed to have a large collection of community members e-mail addresses and the capability to broadcast e-mail messages to the entire list simultaneously. This provides the community with an efficient, cost-effective way to distribute the monthly community newsletter, as well as other reminders, concerns or requests related to Emmaus Walks or Chrysalis Flights.

Realizing the large volume of e-mail that people receive on average each day, the Purchase Area 4th Day Community feels it to be prudent to limit the volume of e-mail a community member will receive, by broadcast distribution from our e-mail system, to the following:

- Reminders, announcements, requests, etc. directly related to a Purchase Area Emmaus event or Purchase Area Chrysalis event
- The Purchase Area Emmaus/Chrysalis Community Newsletter
- Emmaus or Chrysalis Board reminders, announcements, requests, etc.

This policy applies to e-mail broadcast messages only. Items requested to be posted on the community website, www.pawte.org will be considered individually.

If you have an item to be distributed to the community via e-mail and/or posted on the website, please e-mail one of the following:
